

# CAPABILITIES STATEMENT

## Overview

Access Communications Group, LLC (ACG) is dedicated to provide Telecommunication and Construction Services in the USA by ensuring the highest level of quality and dependability.

Established in 1996, ACG is capable of managing both large-scale and small-scale projects from conception to completion.

With a strong commitment to excellence and customer satisfaction, ACG has emerged as a trusted partner for both Commercial Customers and the Federal Government.

ACG team is flexible, well skilled, heavily certified, and maintains the ability to exceed expectations both locally and nationwide.

PROVIDENCE

## ACG PAST PERFORMANCE

## ADB - FIBER, DRILLING & CONDUIT INSTALLATION - EL PASO, TX VARIOUS CONTRACTS

**SOW:** Installation of fiber and conduit, including all splicing, testing, turning up C-RAN, running all appropriate reports and required testing, directional boring, and handholes.

our work sites w/ ADB

Value: \$1.7 M POP: 2022-2023

This project required working around the customer's schedule to include **Overnight Labor** 

#### IHS - CABLE AND FIBER INSTALLATION - GALLUP, NM

75H71021P01829

**SOW:** Infrastructure Cable Rerouting – Fiber and Copper is to provide professional IT services, installation/re-installation, and provide an underground trench of the handhole.

Value: \$710,566

POP: Aug 2021 - March 2023

#### CITY OF EL PASO FIBER INSTALL - EL PASO, TX

**SOW:** Providing various types of work, including excavation, conduit installation, and fiber optic infrastructure. Installing fiber optic cables along designated pathways, ensuring alignment and installation per the work prints. Placing handholes, preparing pathways, and integrating splicing enclosures. Installing support structures, splice trays, and related components to ensure seamless connectivity. Completing all work in accordance with the provided specifications and standards.

POP: October 2024 - Ongoing

Value: \$4.13 M

## INTERNATIONAL BOUNDARY AND WATER COMMISSION: U.S.-MEXICO - DAM HIGH BLAST MAST INSTALLATION - EL PASO, TX

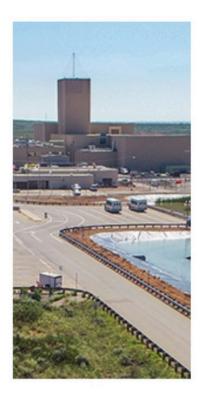

191BWC22C0005

**SOW:** Install 4 high mast lights, test soil conditions, obtain geotechnical results, establish structural foundations, provide approved electrical/structural designs, demonstrate pathways, remove fencing, install concrete foundations, trench pathways, assemble poles, install LED lights, wire to electrical panels, test lights, and train staff.

Value: \$1,030,656.43

POP: June 2022 - 90% Complete

# & ONGOING PROJECTS

## WASTE ISOLATION PILOT PLANT (WIPP) - SIMCO 5Y CONTRACT HVAC MAINTENANCE SERVICE - CARLSBAD, NM

DOE - WIPP - PO# 522548

**SOW:** Provide all labor, transportation, equipment and all other essentials necessary to perform the maintenance and repair for HVAC equipment

Value: \$3,118,394

POP: July 2024 - Ongoing

# WASTE ISOLATION PILOT PLANT (WIPP) - WIPP SECURITY INTEGRATOR SERVICES - CARLSBAD, NM

DOE - WIPP - PO# 522141

**SOW:** Design and installation of a Physical Security Intrusion Detection System (PSIDS) for badge readers, cameras, and associated component upgrades, integrating systems from renowned brands such as Avigilon and Software House.

Value: \$80,000 POP: Pending

## **DOD - HANGAR PAINT - CANNON AFB, NM**

FA485520C0015

**SOW:** This project involved a comprehensive painting and refurbishment effort for 11 separate hangars. The primary objective was to review the painted surfaces for lead contamination, clean and prepare all painted surfaces, and apply primer and paint coatings to ensure the hangars are in optimal condition.

Value: \$1,121,307

**POP:** June 2020 - Aug 2021

### LEIDOS - NASA CONDUIT INSTALLATION - WHITE SANDS MISSILE RANGE, NM

SUB: P010292231 (PRIME: 80TECH21DA002)

**SOW:** ACG trenched and/or drilled 5,000 lineal feet of trench in order to install approximately 10,000 lineal feet of 4" HDPE conduit. ACG set a total of 11 hand holes. Then we installed approximately 10,000 linear feet of fiber optic cable to connect the WSC facility to Building 200. We finished with the restoration of the cable pathway.

Value: \$659,756.00

POP: September 2023 - April 2024
